and a great help!”*

Resources

Did you know we have free templates, forms and safety guides you can use in the workplace?

You can get these on a handy USB, as part of an advisory visit. Or you can download them from our website www.worksafe.tas.gov.au

Safe business is **good** business

Free help is at hand

Do you own or manage a small business?

Not sure if your health and safety systems are up to date?

Want to reduce workplace injuries and lost time?

We can help! Our service is free and confidential, and we come to you.

Working with you

Our helpful and friendly advisors can visit your workplace and help you:

Identify hazards

Conduct your own risk assessments

See opportunities for improvement

Understand your work health and safety legal obligations

Ensure your policies and procedures are up to date and effective

Communicate with your workers

“Your visit covered all my concerns, as well as giving me direction!”

Talking health and safety

Do your workers know about health and safety? We can help with that too!

Our advisors can deliver information sessions to your workers and contractors.

We cover roles and responsibilities, safe working methods, new workers, and wellbeing.

We also present to industry groups, job agencies, TAFEs, schools and colleges.

Wellness counts

Wellbeing is a key part of a healthy and safe workplace. A healthy worker is a safe worker and a productive one!

Our advisors can help you create a wellbeing program that improves the physical and mental health of your workers.
